ARTWORK SUBMISSION

Please do not mail any printed artworks; slides; or disks (CD or DVD) containing your artworks with this application. We will not be uploading artworks for artists this year as this has proven to be a very time-consuming process. Upon the receipt of your application and successful payment processing, we will create an online record with your personal profile information and credit your account with the number of paid entries. We will then contact you with a temporary username and password to access your personal data. We will make sure to confirm it with you. Once accessed, you will be able to edit your profile including a preferred username and password; as well as uploading your entries. If you didn't purchase the maximum amount of (5) entries allowed, and you would like to add more entries to your account, you could do that later with a debit or credit card online, or mail us a check with a simple request note for the number of additional entries to add to your account.
